### Broken Appointment Policy

Due to the high incidence of broken scheduled appointments, we must implement a fee assessment of **\$55 per hour per patient** for broken scheduled appointments. This fee will need to be satisfied prior to your next scheduled visit unless arrangements have been made.

We respectfully ask our patients to give us at least a **48 hour advance notice** if he/she is unable to keep their appointment for the patient and/ or a family member.

We would like to thank you for choosing our dental team for your dental needs.  
We appreciate your business.
